4) What are your back up plans for equipment failures before/during events?

5) Can we select what music we want to be played during our event?

Yes! You have total control over what music is being played. Please submit all music requests via your On-Line Event Planning Account no less than 7 days from the contracted date.

\$100 Per Hour / Per Service (Ex: Dj Service \$100 and Photo Booth an additional \$100).

7) How often will we communicate?

All clients will receive an initial consultation to review all services, pricing, service and options.
